REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholder
of NW Capital Markets, Inc.

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of NW Capital Markets, Inc. as of December 31, 2018, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of NW Capital Markets, Inc. as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility NW Capital Markets, Inc.'s management. Our responsibility is to express an opinion on NW Capital Markets, Inc.'s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to NW Capital Markets, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Daszkowski, Tompkins, Weg, & Carbonella, CPA, P.C.

Daszkowski, Tompkins, Weg & Carbonella, CPA, P.C.
We have served as NW Capital Markets, Inc. auditor since 2014.

--	------------------

The accompanying notes are an integral part of this financial statement.

NW Capital Markets Inc.

Statements of Financial Condition December 31, 2018

1. Nature of operations

NW Capital Markets Inc. (the "Company"), a Subchapter S Corporation incorporated under the laws of the State of Delaware, is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and a member of the Financial Industry Regulatory Authority ("FINRA").

The Company engages in investment banking, principal transactions, and investment advisory services.

2. Summary of Significant Accounting Policies

Basis of presentation

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP") which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash

All cash deposits are held by one major financial institution in the United States. At various times throughout the year, the Company's cash balance may exceed the Federal Deposit Insurance Corporation insurance limits. The company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Contract assets and liabilities

The Company had outstanding receivables, from customers, relating to commission revenue aggregating \$12,747 and \$458,866 at December 31, 2018 and 2017, respectively. There were no liabilities to customers at December 31, 2018 or 2017.

Cash

All cash deposits are held by one major financial institution in the United States. At various times throughout the year, the Company's cash balance may exceed the Federal Deposit Insurance Corporation insurance limits. The company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Investment valuation

The Company utilizes various methods to measure the fair value of most of its investments on a recurring basis. US GAAP establishes a hierarchy that prioritizes inputs to valuation methods. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. The three levels of inputs are:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 - Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

NW Capital Markets Inc.

Statements of Financial Condition December 31, 2018

Investment valuation (continued)

Level 3 - Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Company's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Investments in securities listed on a national exchange are valued at the last reported sales price on the day of valuation. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are stated at the last quoted bid price. Other assets and securities for which market quotations are not readily available are valued at fair value as determined by or under the direction of the investment advisor in accordance with US GAAP. The resulting unrealized gains and losses are reflected in the statement of operations. Realized gains and losses from securities transactions are determined on the basis of identified cost.

Income taxes

The Company has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code. In lieu of corporate income taxes, the stockholder of the Company will be taxed on the Company's taxable income. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

The Company recognizes interest and penalties, if any, related to unrecognized tax provisions as income tax expense in the statements of operations. During the year ended December 31, 2018, the Company did not incur any interest or penalties on its income tax returns. At December 31, 2018, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all periods subsequent to 2015.

NW Capital Markets Inc.

Statements of Financial Condition December 31, 2018

3. Marketable securities

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis at December 31, 2018:

	Level 2	Total
<u>Assets</u>		
Marketable securities owned, at fair value		
Municipal bonds	\$ -	\$ -

4. Transactions with related parties

The Company maintains an administrative services agreement with an affiliate. Pursuant to the agreement, the affiliate provides administrative personnel and office space. The Company incurred expenses of \$120,000 for the year ended December 31, 2018.

All transactions with related parties are settled in the normal course of business. The terms of any of these arrangements may not be the same as those that would otherwise exist or result from agreements and transactions among unrelated parties.

5. Clearing broker

Pursuant to an agreement with a clearing broker, the Company is required to maintain a clearing deposit of \$100,000. As of December 31, 2018 a deposit in the amount of \$100,000 is included in receivable from clearing broker on the accompanying statements of financial condition.

In the normal course of its business, the Company indemnifies its clearing broker against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. The maximum potential amount of future payments that the Company could be required to make under this indemnification cannot be estimated. However, the Company believes that it is unlikely it will have to make payments under these arrangements and as such has not recorded any contingent liability in the financial statements for this indemnification.

6. Regulatory requirements

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2018 the Company had net capital of \$1,245,789 which exceeded the required net capital by \$1,145,789. The ratio of aggregate indebtedness to net capital, at December 31, 2018 was .06 to 1.

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934 as the Company's activities are limited to clearing all transactions with and for customers on a fully disclosed basis with a clearing broker.

NW Capital Markets Inc.

Statements of Financial Condition December 31, 2018

7. Regulatory fine

The Firm without admitting or denying any allegations, consented to accepting an Offer of Settlement with the SEC, which resulted in the fine. The charges related to a lack of supervision of a rogue trader as to trades completed in 2012 through 2015 that were alleged to have violated parking and trading with an unregistered broker rules. Throughout the investigation of the trade counterparty by the SEC, NW Capital fully cooperated with the SEC and then terminated the employee in question.

8. Concentration

Substantially all of the Company's assets are held at the clearing broker and therefore are subject to the credit risk at that financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these assets held at the clearing broker.

All cash deposits are held by one major financial institution in the United States. At various times throughout the year, the Company's cash balance may exceed the Federal Deposit Insurance Corporation insurance limits. The company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

9. Subsequent events

The Company has evaluated subsequent events through the date the financial statements were available to be issued and, except already included in the notes to these financial statements, has determined that no additional items require disclosure.
